

2025 The California Girls

An Invitation to Support Metropolitan Guinea Pig Rescue

Friends of MGPR,

This year will mark a very large milestone for Metropolitan Guinea Pig Rescue. We will be celebrating our 30th birthday! MGPR is the oldest Guinea Pig Rescue in the United States. We are very proud to have been serving our community this long. This year, like every year, has brought us new challenges.

DeeDee

We started the year off with several guinea pigs that had been rescued from a house fire, and we'll be finishing the year with our wonderful California Girls, part of the famous "L.A. 400", that

overwhelmed the West Coast Rescues. We will be

gifted with three litters from that group. And although we try not to have babies, they sure are fun when they happen. Not only has it been a delight for our foster parents to raise the new babies, but it has also been a wonderful experience to take the adult guinea pigs that were so totally feral, and help them turn into trusting, sweet, loving pets.

Transporting the L.A. 400 guinea pigs all the way across the United States was not an easy thing to do. It required an awful lot of coordination from many people. We were so glad there were so many people that were willing to help, house and distribute the guinea pigs.

Approximately 80 guinea pigs left from California. By the time the piggy train arrived to us, there were 23 left. MGPR kept nine of them and the rest went on to other rescues. We were so proud to be a part of this endeavor.

The only reason MGPR has been able to continue doing this for 30 years is because of your generosity, and once again we are asking you to please help us continue this very important work. A lot of personal volunteered time and effort go into our rescue, but it also takes food, supplies, medicine, healthcare and yes, transportation. We can only do it with your help.

Annette

Learn more about these and other guinea pigs on our website,
